COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

ARIHANT is committed to placing the *Investor First*, by striving to increase the efficiency of operations as well as systems and processes so as to maximize the value to the stakeholders. Your company is a high believer in moral values, ethics and transparency. It aims at achieving not only the highest possible standards of legal and regulatory compliances, but also of effective management.

The Securities and Exchange Board of India (SEBI) monitors and regulates the corporate governance of listed companies in India through Clause 49 of the Listing Agreement. Your Company has complied with all mandatory and even certain non-mandatory requirements of this clause as well as the regulations set by the stock exchange.

The Company has a comprehensive structure to address all kinds of compliance risks. There is an independent department for compliance that is staffed by experienced and qualified personnel who ensure strict adherence to regulatory prescriptions. Periodic training on compliance is imparted to operating staff.

In the light of the amendment in the Listing Agreement, the Company has taken all steps to keep itself within the ambit of the required provisions. In the following paragraphs, we have explained the compliance with the requirements as required:

1. BOARD OF DIRECTORS

(A) Size and Composition of the Board:

The current policy of your Company is to have an optimum combination of executive and non-executive directors, with not less than 50 per cent consisting of non-executive directors to maintain the independence of the board, and to separate the board functions of governance and management. Besides, with an Executive Director as the head of the board, half of the board members are independent directors. This confirms the provisions of the amended clause 49. The board consists of seven members at present and believes that the current size is appropriate, based on the Company's present circumstances.
